Great Trotters and Pacers to Be Shown in Madison Square Garden.

The little baid-face pacer, Blizzard, 2:00%, now driven on the Speedway by A. E. Thompson, is full of years, yet he still carries his speed, as demonstrated every time Mr. Thompson cuts him loose on the Harlem River drive. Some of the greatest light harness horses of the American turf will be seen at Madison Square Garden during the latter part of this month at the Fasig-Tipton show of aristocratic trotters and pacers. Among them will be Lord Berby, 2:08%, a great gelding of the year both in record and winnings. He divides honors with Chain Shot as to record and is one of the greatest racers of the year and is one of the greatest racers of the year except (resceus. The latter is the only horse that has beaten him during the entire season. He is the only horse that has beaten Boralma. since 1898, and to beat Boralma at Boston in September he had to trot the last half of a

mile in 1:00%.

This season he made Cresceus go a mile in 2:05 and has trotted the last quarter of a mile better than 30 seconds. Shadow Chimes, 2:06%, another of the Village Farm campaigners, is the champion green pacer. No green horses have ever before made such a showing their dret recognition. 2:06%, another of the Village Farm campaigners, is the champion green pacer. No green horses have ever before made such a showing their first season as have Lord Derby and Shadow Chimes. Those who were not fortunate enough to see their races will have a chance to look them over. The champion three-year-old trotting gelding. Peter Stirling, will also be shown at the Garden. In five races in which he has started in the best of company he has not lost a heat. Three of his races were against aged horses and yet he has not met a horse or colt that could beat him in any quarter of a mile in 2:10 or better, but the second quarter alongside of Peter Stirling in 30% seconds and the next eighth in 15% seconds put him out of the race and Peter Stirling jogged home in 2:11%. Peter is held to be the greatest three-year-old that has yet arrived. No one knows just how fast he can go, because he beats 2:10 as well as 2:15 trotters with equal ease. These youngsters will divide attention with such noted horses as Directum, 2:05%, the champion trotting stallion from 1833 until dethroned this year by Cresceus; Bow Beils, sire of the filly that holds the champion race record for two-year-olds; Prodigal, the only stallion that has ever sired three winners of the Lexington stake since its inauguration in 1875; Anagalas, Prelacy, Adbell, Gloria, Prior, Impetuous and others.

Ed Bowne is thinking seriously of establishing a winter training stable at the new Memphis track. He aiready has four or five horses and is of the opinion that Memphis will be a great place for winter training.

Roy Miller is still in Goshen with a choice lot of horses, and when he pulls out for Macon Ga, it is more than likely that John R. Gentry will be in the car with him. Andrews has always been possessed with the idea that Gentry had the speed to erase that half-second from his record and place his mark at two minutes. Moreover, the 2:01% of Anaconda, who out-raced Joe Patchen this year, and the least slice that half a second off under the Southern skies. It
